Welcome to another edition of the SDS Student Newsletter. With this edition we find ourselves at the midpoint of the semester, and starting to look to spring. For those of you planning to graduate this December you can find more information regarding the commencement ceremony [HERE](#), and more information below about making sure that your credits are slotting in correctly in degreeworks. For those students continuing on we will start this week with group advising sessions in preparation for spring registration which will start November 1st. Outside of the classroom, the Student Council is planning two excellent events for current students and alumni. We hope that you all continue to stay safe!
The **Niner Scholars Portal** is a matching tool created for UNC Charlotte undergraduate and graduate students to make the process of identifying potential merit based and philanthropic funding available for new and continuing students. The portal will reopen the last week of October. We also encourage graduate students to visit the **Graduate School's Funding Resource page** for information on potential fellowship. For undergraduate students, The Office of Financial Aid offers rich resources [here](#).

### Spring 2022 Graduate Assistantships

The SDS is now accepting Graduate Assistantship applications for the Spring 2022 semester. The portal will remain open until the end of the Fall 2021 semester. To Apply please click on one of the links below:

- DSBA GA Application
- HIA GA Application

### Group Advising Sessions: DSBA & HIA

Spring Registration will begin on November 1. The School of Data Science will hold virtual advising sessions for Graduate students enrolled in the DSBA and HIAN programs on Monday, **October 18th** and **25th at 4:00 pm**. Please attend one of the sessions.

- DSBA Advising Session I
- HIA Advising Session I
- DSBA Advising Session II
- HIA Advising Session II

We will discuss the **Spring course schedule**, special topics courses, events, the registration process, and leave time for Q&A.

### Important Dates

- **October 24th**: Last Day to Withdraw from Classes
- **November 1st**: Class Registration opens for Spring 2022
- **November 15th**: [Flu Vaccine Attestation](#) Deadline

**TechGuide: Data Science, Business**
If you’re looking for general information on any of these fields, visit TechGuide for a full list of resources! Information on career paths in these fields is given in a simple and clean format.

SDS WEDNESDAY SEMINAR SERIES

Coursera for Campus

The School of Data Science has joined **Coursera for the Campus Basic Plan**. DSBA and HIA graduate students, and the Data Science undergraduates have access to more than 4,000 courses in the Coursera catalog. Students must request access by completing the google form below. Participants will receive an email confirmation from SDS and from Coursera with an invitation to set up an account.

More information about the Coursera for Campus can be found [HERE](#).

Graduating Senior Job Search Series

The University's Career Center is hosting a series of events to help you with the job search. From getting started in the job search, creating your personal brand, preparing for interviews, and salary negotiation. Check out the full schedule below.

[Events Schedule](#)

Seeking a Spring Internship?

For those of you still actively seeking SPRING 2022 internship placements. We are inviting interested and eligible HIA and DSBA students to
submit their resumes to an informal SDS resume book. You need to be on track to complete the required credit hours by the start of next semester (HIA MS- 12 credits/DSBA MS- 21 credits). Feel free to use the link below to submit your resume.

HIA and DSBA: Submit Resume Here

DSBS: Submit Resume Here

We will share the responses with any potential employer seeking spring interns candidates.

Please make sure that you have carefully proofread your resume before uploading the document. We strongly encourage you to take advantage of UNC Charlotte's Career Center and its virtual services: https://career.uncc.edu/

Get involved in the Charlotte Data Science and Tech community!

We highly encourage our students to participate in the local community to embrace the dynamics of technology and entrepreneurship in Charlotte, the next technology hub of the East Coast. Because of that, we have been keeping a list of some of the most active groups in the Charlotte tech community on the Community Resources pages of our DSBA and HIA websites.

We are currently expanding our list to include professional organizations, local events, and more! Please click here to view our expanded list.

If you are involved with any local organizations or events that you would like to get the word out about to other students in the School of Data Science, please take a moment to fill out our Google Form. We will add submissions to our list and share the information in our next Student Newsletter and/or on our social media pages!

On Track to Graduate?

DegreeWorks is a web-based planning tool that provides an accurate display of required coursework and helps students monitor their progress towards graduation. Students can access their real-time audit in DegreeWorks via my.uncc.edu and should routinely check their progress towards degree completion.

For any required courses that are in the Fall Through or Not Counted sections of DegreeWorks submit an Academic Petition that requests the courses be counted towards your program requirements.

If you believe your audit contains errors or the requirements do not match the catalog, students should contact:
If you began in the Certificate program and transferred to the Master’s program:
Please review your DegreeWorks for both your certificate and master’s program and complete an application to graduate from both programs.

Mark Your Calendar

Tailgate with Deloitte Consulting

Thursday, October 21 | 5:00pm-7:00pm
**Come Tailgate with Deloitte Consulting!**

Representatives from Deloitte Consulting are hosting an in-person tailgate prior to the CLT vs. Florida Atlantic game. They want you to come by and enjoy some food, and learn more about their open positions!

- Application Program Analyst
- Solutions Engineering Analyst

Apply on Hire-a-Niner by **October 27**!

---

**NCTech Career Fair - Tech Job Expo**

*Wednesday, October 20 | 8:30am - 1:30pm*

The EXPO is a **virtual** event allowing job seekers and employers to connect live via chat and video. Job seekers can visit virtual booths to learn more about the participating employers. Employers customize a virtual booth with a corporate description, employee benefits/perks, social media links, job vacancies and more. You can view the list Booths, though check back often because employers just started registering. NC TECH will also offer informative webinars for candidates to learn more about navigating a virtual job expo and to meet certain employers.

CBO is hosting virtual seminars for students to learn more about opportunities and connect. Check out the schedule here:

Events Schedule

The CBO is a nonpartisan agency that conducts objective and impartial analysis for the Congress. The CBO does not make policy recommendations. It produces independent analyses of budgetary and economic issues to support the Congressional budget process. Each year, the agency’s economists and budget analysts produce dozens of reports and hundreds of cost estimates for proposed legislation. Learn more about careers with the Congressional Budget Office.

- **Climate and Energy Economist**: The Energy, Climate, and Environment Unit is seeking one or more economists to analyze the effects on the federal budget and the economy of climate change, policies to mitigate or adapt to climate change, and related issues.
- **Health Policy Analyst**: The Health Analysis Division (HAD) seeks a health policy analyst to contribute to a variety of projects, analyses, and modeling.
- **Education Analyst**: CBO’s Budget Analysis Division seeks an analyst to work in its Finance, Housing, and Education Cost Estimates Unit, which prepares multi-year budget projections and cost estimates for legislative proposals related to education, housing, commerce and banking, community and regional development, and administration of justice programs.
- **Industrial Organization (IO) Economist**: CBO seeks an industrial organization (IO) economist to analyze the economic effects of changes in regulation or legislation.

---

**Data Science Connect Conference 2021**

*October 21-22, 2021*

COVID-19 circumstances presented a new level of digital disruption, and data science is no longer the "shiny object" in the room -- it is a necessity that touches every industry and line of business.

The Fourth Annual Data Science Connect Conference 2021: "Data Science in a Changing World" will feature data experts and practitioners across industries and disciplines demonstrating the
impact of data science in today's changing world. This event will be virtual this year!
