Women in Data Science Conference

March 15, 2022 | UNC Charlotte Marriott

The Women in Data Science Conference was rescheduled to March 15. We will be monitoring COVID updates but plan to host the conference in-person as of now.

The School of Data Science is honored to once again host Charlotte's Women in Data Science (WiDS) Conference. The global Women in Data Science initiative aims to inspire and educate data scientists worldwide, regardless of gender, and to support women in the field. This year, the conference will be an in-person event, and will feature industry and academic experts from across the region, highlighting groundbreaking research, innovative industry solutions, and more. The conference is targeted at students and new professionals.

Broad topic areas will include:

- Career & Professional Development (Salary Negotiation, Interview Success, Diversifying the STEM field, etc.),
- Applied Research: NLP and Social Media Machine Learning, AI in the Cloud, Social Media Applied Research: Data Visualization, and
- Hands-on Training Sessions(AWS, Tableau, TensorFlow, SAS, etc.)

The conference is free and open to all UNC Charlotte students and alumni. Please visit the conference website [HERE](#). As part of the global event, WiDS is also hosting a [Datathon](#).

Registration is now open!

GRADUATE
Student Council

On behalf of the Graduate Student Council we are so excited for a fresh new semester to start and we can't wait to get our excited events going as well. We have many exciting events planned and cannot wait to kick them off with all of you.

Coffee Hours - First Tuesday of every month

First Tuesday of every month starting February 1, 2022.

We all missed coffee hours, so this semester we are bringing them back. Scheduled in-person (finger's crossed) from 4:00-5:00 pm at the Center City campus, this event will give you an opportunity to catch up with your fellow School of Data Science students over a cup of coffee. Keep an eye out for more information on the program websites under [News and Events](#).

Mentor Mentee Meetup

The next **in-person** mentor mentee meetup will be on Tuesday, February 1st from 4-5pm. The location will be announced closer to the date.

This program is entering its second semester, with the goal of building mutually beneficial, open and trusting mentor relationships between students and opening doors to a myriad of opportunities. Continuing SDS students serve as mentors, who are willing to dedicate time and energy to helping new students, or mentees, become familiar with the School of Data Science by answering questions, providing resources, and helping foster both academic success and a sense of community within the program.

Please fill out the form below if you are interested in being a part of this initiative.

INTEREST FORM

Alumni Networking Event

Friday, February 18, 2022, 5:30- 6:00 pm

This event will be a chance for you to connect with HIA and DSBA alumni along with fellow students in a social setting. Come join us for an evening full of fun. More information to come!

Spring Hackathon- March 2022

This will be an event that you will not want to miss. This event will give you the opportunity to put your skills and knowledge to the test in a thrilling and exciting environment. Please fill out the form below and let us know if you would be interested in participating.

RESOURCES

Injury and Violence Prevention Data Science Demonstration Project

APHA and the Centers for Disease Control and Prevention, National Center for Injury Prevention and Control are pleased to announce the 2nd Annual Injury and Violence Prevention Data Science Demonstration Project. This initiative aims to build workforce capacity and support organizations engaged in data science work. We are seeking responses from groups with existing data

science projects focused on injury and violence prevention and looking to expand their efforts.

Proposals should focus on the National Violent Death Reporting System, violence, adverse childhood experiences, suicide or drug overdose.

PROPOSALS DUE FEBRUARY 22

WiDS Datathon 2022: Using Data Science to Mitigate Climate Change

This year's WiDS Datathon, organized by the WiDS Worldwide team, Harvard University IACS, and the WiDS Datathon Committee, will tackle a key way to mitigate the effects of climate change with a focus on energy efficiency. The WiDS Datathon Committee is partnering with experts from many disciplines at Climate Change AI, Lawrence Berkeley National Laboratory (Berkeley Lab), US Environmental Protection Agency (EPA), and MIT Critical Data. WiDS Datathon participants will analyze regional differences in building energy efficiency, creating models to predict building energy consumption.

SDS Student Bootcamps: *NEW* SAS Training

The SDS has developed a variety of Boot Camps to support new and continuing students. Currently we offer four online/asynchronous training and review modules: Introduction to Python, Statistics for Data Science, and Introduction to R. The bootcamps are free and available to any student enrolled in a SDS course. Registration for the spring semester HIA Boot Camps and DSBA Boot Camps is currently open.
